Welcome to ReserveCalifornia™

Welcome to ReserveCalifornia. With 279 park units, over 340 miles of coastline, 970 miles of lake and river frontage, 15,000 campsites, 5,200 miles of trails, 3,195 historic buildings and more than 11,000 known prehistoric and historic archaeological sites, the California Department of Parks and Recreation (State Parks) contains the largest and most diverse recreational, natural and cultural heritage holdings of any state agency in the nation.

Thanks for choosing us for your next adventure. Reservations for campsites and lodging can be made six months in advance of the arrival date. Each new date opens at 8 a.m. PST/PDT. Bookings may be extended from the arrival date to the desired departure date – based on availability and the park's maximum stay rules. Detailed information on how to make a reservation can be found in the FAQs section of this website.

Begin your adventure by logging into your account or creating a new customer profile. We look forward to your stay.

New Enhancements

Outdoor Access for All: In support of the Outdoor Access for All initiative championed by Governor Gavin Newsom and First Partner Jennifer Siebel Newsom and the Natural Resources Agency's Outdoors for All initiative, three innovative pass programs invite all Californians—regardless of zip code or income—to explore California's State Park System for FREE:

Free day-use passes for fourth graders and their families to 19 participating state parks.

Free vehicle day-use entry pass to over 200 participating state park units operated by State Parks for check out to library-card holders.

CalWORKs families can receive a free annual vehicle day-use pass to over 200 participating state parks and beaches operated by State Parks.

Enjoy the physical and mental benefits of spending time outdoors and discovering our state's history. Get a pass and connect with our state's amazing natural and cultural resources! For more information, visit parks.ca.gov/OutdoorsforAll. To view a list of all available park passes, please visit parks.ca.gov/Passes.

[Travel Ideas](#)

State Parks has something for everybody year-round. Whether it's hiking, biking, strolling on a beach or cross-country skiing, state parks have it all. You can walk through the redwoods, sail on a lake, view wildlife, explore the desert, see history firsthand in historic sites, and just relax with family and friends.

Since state parks are loved by many within and outside the State of California, sometimes the demand for camping and lodging sites exceeds our inventory. We appreciate your understanding. Our best advice is to plan for your next adventure with us by doing your research and having alternate parks in mind in case your first choice is booked.

Also, please remember to recreate responsibly by planning ahead, playing it safe, being COVID-19 safe and leaving no trace. For details, please [click here](#).

Welcome to the Reservation Drawings Pilot Program!

State Parks is excited to offer visitors of Mount Tamalpais State Park a new opportunity to secure a reservation at the highly sought-after Steep Ravine Cabins. The pilot program introduces a new tool to ease the park reservation experience by using a lottery-style system for the opportunity to reserve high-demand campgrounds.

Winning the lottery-style drawing does not mean a free reservation; the winning participants will still need to pay for their reservation. However, even if not selected, participants will receive points that improve their chances of winning in future drawings. This system provides all visitors with an equal chance to apply for a future reservation up to eight months in advance.

This pilot program is currently underway ONLY to reserve the Steep Ravine Cabins in Mount Tamalpais State Park, with overnight stays available for reservation beginning Summer of 2024.

State Parks is committed to making the outdoors more equitable for all, and the Reservation Drawings program is an important step toward achieving that goal. We welcome your feedback to help improve the Reservation Drawings program. Please feel free to contact us at Info@parks.ca.gov. To learn more about the program, visit the [FAQs](#).

===== WHATS NEW PAGE=====

What's New at California State Parks

What3wordsAsilomar

California State Parks is excited to announce its partnership with innovative location technology, what3words. A new tool in the State Parks toolkit, what3words provides dispatchers with state-of-the-art technology to assist visitors in the event they become lost, stranded or who otherwise need help from emergency services. Using this revolutionary technology, State Parks dispatchers will now be able to pinpoint the precise locations of individuals who become lost with just three dictionary words, so that help can be sent quickly to exactly where it is needed.

The app is available in over 50 languages to date, and is free to download for both iOS and Android devices. [Click here](#) to learn more about this new tool.

California Natural Resources Agency (CNRA) Career Center Banner

California Natural Resources Agency (CNRA) Career Center – Now Open!

California State Parks is excited to take part in the first agency-wide collaborative physical career center! The career center is located in the heart of Downtown Sacramento at California State Parks headquarters, the brand new California Natural Resources Agency (CNRA) headquarters building. Located inside the P

Poppy Pavilion, the career center features 11 individual workstations, a children's play area, and career, exam, and open vacancy information for participating CNRA departments. Job seekers are encouraged to take advantage of the free career services offered by California State Park's experienced recruiters! Job seekers can also meet recruiters from the Department of Fish and Wildlife, CalFire, Department of Conservation, and Department of Water Resources. Services provided include one-on-one career consultations, application/resume reviews, career guidance, mock interviews, and tips for applying.

Drop in or schedule an appointment with a California State Parks recruiter today! Walk-ins are welcome every Tuesday and Thursday from 11 AM to 4 PM.

Address: Poppy Pavilion, 715 P Street, Sacramento, CA 95814

California Natural Resources Agency (CNRA) Career Center California State Library Parks Pass

In partnership with the First Partner's Office and the California State Library, State Parks is providing free vehicle day-use entry to over 200 participating state park units operated by State Parks to library-card holders. California public library card holders can check out the vehicle day-use pass at their local public library. The California State Library Parks Pass is valid for entry of one passenger vehicle with capacity of nine people or less or one highway licensed motorcycle. Visit our California State Library Parks Pass webpage for more information.

California State Library Parks Pass

Outdoors for All Initiative
With the leadership of Governor Gavin Newsom and First Partner Jennifer Siebel Newsom, California was able to create for the very first time, innovative access programs for children and families to explore California's State Park System. Learn more about the Outdoors For All initiative.

Outdoors for All Initiative

Adventure Pass Banner
FREE PASS - California State Parks, the First Partner and the Natural Resources Agency are expanding youth access to state parks. Effective September 29, if you have a fourth grader in your family you can get the new California State Park Adventure Pass. The pass will provide FREE entry to fourth graders and their families at 19 state parks. Get your pass today at parks.ca.gov/AdventurePass.

#Welcome #Bienvenidos

Paying for parking made easier for visitors with the pay-by-phone service at 23 select park units along the Central and Southern California coast. Visitors are able to pay for parking fees using the Yodel app. Learn more here. [Yodel Sign at Park](#)

Significant Incidents Updates

Significant Incidents Updates

California State Parks works closely with the state's network of local, state and federal law enforcement agencies to ensure our parks and their surrounding communities are safe.

Our State Parks Peace Officers respond to all types of emergencies. Information on significant incidents such as, but not limited to wildfires, earthquakes, floods and Public Safety Power Shutoffs, will be posted on this website.

California State Parks Launches Mobile App, Making It Easier to Connect Visitors to Nation's Largest State Park System

State Parks is proud to announce the availability of a new mobile app that will make it easier for visitors to connect with nature and enhance access for all to the nation's largest state park system.

Powered by OuterSpatial, the mobile app is free and provides visitors with real-time updates about on-the-ground conditions and access to a library of park and trail information, including directions to parks, interactive maps, visitor guidelines, park brochures, points of interest, events and more. [Learn more here.](#)

California State Parks E-bike Policy Addresses Growing Usage and Increases E-bike Recreational Opportunities

With the increasing usage of electric bicycles (e-bikes) as a form of recreation and commuting, State Parks seeks to address their growing presence within the California State Park System.

Through State Parks' enacted policy, effective August 27, 2021, the department seeks to accommodate e-bike users and increase the opportunities to use this form of recreation, while also taking into consideration safety concerns and the preservation of our natural resources. [Learn more here.](#)

[e-bike program image](#)

State Parks Releases Sea Level Rise Adaptation Strategy

In an era of sea level rise and extreme weather events amid climate change, State Parks has developed a Sea Level Rise Adaptation Strategy to guide its approach to coastal management.

Driven by science and state guidance, as well as growing impacts to the existing 128 coastal state park units, the Strategy recommends actions to build sea level rise considerations into existing department planning and project development processes.

[Learn more at parks.ca.gov/SeaLevelRise](#) [Sea Level Rise Adaptation Strategy image](#)

[Inequity banner](#)

State Parks Addresses Discriminatory Names and Inequities

Secretary for Natural Resources Wade Crowfoot, State Parks Director Armando Quintero and Department of Transportation Director Toks Omishakin announced a series of actions to identify and redress discriminatory names of features attached to the state parks and transportation systems.

The move comes in the wake of a national conversation about the names of geographic features and builds upon Governor Gavin Newsom's work to support equity, inclusion and accountability throughout the state to better reflect our values. To learn more, visit www.parks.ca.gov/ReexaminingOurPast.

Dogs at California State Parks

Every year dogs along with their owners visit California's state parks, as our park units have many great open spaces for you and your dog to enjoy. We all know that exercise is good for the body and spirit for both you and your furry friend.

For the protection of our wildlife, natural resources and for the comfort and enjoyment of all our park visitors, please be aware of the laws and rules concerning dogs in state parks. Visit our [Dogs at California State Parks](#) webpage for park-specific information.

Redwoods Rising

We have teamed with Save the Redwoods League and the National Park Service to bring back stands of towering coast redwoods (*Sequoia sempervirens*) on 40,000 acres of public lands in Redwood National and State Parks. Redwoods Rising creates an unprecedented level of collaboration between these three organizations to restore the redwood forests and ensure the parks' entire 120,000 acres exist as a connected forest ecosystem and a thriving landscape that supports and protects the natural and cultural treasures found there. Visit the [Redwoods Rising](#) page to discover more on this amazing project and partnership.

=====RULES & REGULATIONS=====

CALIFORNIA STATE PARK SYSTEM

"RULES AND REGULATIONS" BRIEFED

The Department of Parks and Recreation has established rules and regulations to protect park areas for the enjoyment of future generations as well as for the convenience and safety of the park visitors. To ensure your visit is a pleasant one, please observe the following:

NATURAL SCENERY, PLANTS AND ANIMAL LIFE are the principal attractions of most state parks. They are integral parts of the ecosystem and natural community. As such they are protected by Federal, State and Park laws. Disturbance or destruction of these resources is strictly forbidden.

LOADED FIREARMS AND HUNTING are not allowed in units of the State Parks System. Possession of loaded firearms or air rifles is prohibited. Exceptions are for hunting in recreation areas that have been designated by the State Park and Recreation Commission.

DEAD AND DOWN WOOD is part of the natural condition. Decayed vegetation forms humus and assists the growth of trees and other plants. For this reason the gathering of down wood is prohibited. Fuel is sold in the parks for your convenience. (When considered a hazard, down wood is removed by park personnel.)

FIRES are permitted only in facilities provided for this purpose. This is necessary to prevent disastrous fires. Portable stoves may be used in designated areas. It is the responsibility of every visitor to use extreme caution with any burning materials, including tobacco. All fireworks are prohibited.

ANIMALS, including cats, can not be turned loose in park units. All animals, other than grazing animals, must be under immediate physical control. Dogs must be on a tended leash no more than 6 feet or confined in an enclosed vehicle, tent or pen. Unless posted to the contrary, dogs, other than those that assist the permanently disabled, are prohibited on trails, beaches, and wherever posted. Visitors with vicious, dangerous, noisy, or disturbing animals will be ejected from park units.

NOISE - ENGINE DRIVEN ELECTRIC GENERATORS which can disturb others, may be operated only between the hours 10:00 a.m. and 8:00 p.m. Loud disturbing noise is prohibited at all times, and is disturbing those asleep between 10:00 p.m. and 6:00 a.m.

ALL VEHICLE TRAVEL must be confined to designated roads or areas. The speed for all vehicles is 15 miles per hour in camp, picnic, utility or headquarters areas and areas of general assemblage. Parking is permitted only in designated areas. Blocking parking spaces is prohibited.

CAMPSITE USE must be paid for in advance. To hold a campsite, it must be reserved or occupied. To prevent encroachment on others the limits of each campsite may be regulated by the District Superintendent. Checkout time is 12:00 NOON.

In order to provide for the greatest number of visitors possible the CAMPING LIMIT in any one campground is 30 days per calendar year.

REFUSE, including garbage, cigarettes, paper boxes, bottles, ashes and other rubbish, shall be placed only in designated receptacles. Your pleasure and pride in your parks will be enhanced when they are kept clean.

SMOKING: Smoking is not permitted in State Parks, except on paved roadways or parking facilities. On January 1, 2020, the law associated with Senate Bill 8 went into effect. As of that date, pursuant to Public Resources Code 5008.10 states that "A person shall not smoke on a state beach or in a unit of the state park system. This prohibition does not apply to paved roadways or parking facilities of a state beach or unit of the state park system."

DRONES: Drones are currently allowed in State Parks, State Beaches, State Historic Parks, State Recreational Areas, and State Vehicular Recreation Areas except where prohibited by a District Superintendent's posted order. Posted orders may prohibit drones for numerous reasons, including: protection of threatened species; threats to cultural and natural resources; high fire danger; public safety; recreational conflicts; impacts upon visitor experience privacy; and park unit classification. Therefore, drone users should always check with their local State Park District for any specific posted orders.

PLEASE clean up after yourself so that others may enjoy the beauty of these parks .

=====Privacy Policy=====

Privacy Policy
Updated on: 11/07/2022

Thank you for visiting the State of California, Department of Parks and Recreation's website and reviewing our Use Policy. You should also be aware that the State has a Privacy Policy, also available on this website. The State wants you to know about the collection, use, security, and access to information that may be obtained through use of the State's web portal. By visiting this website, you are accepting the policies and practices described in this Notice. This Policy covers the following topics:

Personal Information: Definition and Requirement to Obtain Lawfully
Restrictions on Collection and Use of Personal Information
Protection of Personal Information
Website Information
Responsible Official and Contact Information

The personal information collection and management policies, practices and procedures implemented by Department of Parks and Recreation are governed by law. The Department of Parks and Recreation sets forth the following privacy policy in compliance with Government Code sections 11015.5 and 11019.9 and the Information Practices Act of 1977 (Civil Code section 1798 et seq.).

Please note that this Privacy Policy is subject to change without notice, and that it reflects the State's current business practices. When changes are made, those updates will be posted immediately and implemented within 30 days of the revision date.

PERSONAL INFORMATION: DEFINITION AND REQUIREMENT TO OBTAIN LAWFULLY

The Department of Parks and Recreation may collect and maintain personal information only through lawful means. All agency employees who collect and/or maintain personal information strive to comply with the provisions of the Information Practices Act. "Personal information" includes but is not limited to any information or combination of information which identifies or describes an individual, including his or her name, social security number, physical description, home address, home telephone number, education, financial matters, and medical or employment history. Personal information also includes statements made by, or

attributed to, the individual. Specifically, it includes information acquired through job applications and employee personnel files, grant applications, contracts for services from individuals, public comments, or questions via mail or email.

RESTRICTIONS ON COLLECTION AND USE OF PERSONAL INFORMATION

The purposes for which the Department of Parks and Recreation may collect personal information will be specified at or prior to the time such information is collected. The personal information collected is relevant to the purpose for which it is needed. Any subsequent use of the information will be limited to and consistent with the fulfillment of those purposes previously specified.

The Department of Parks and Recreation will not disclose, use for any purpose other than as specified at the time it was collected, or make available any personal information collected, except with the written consent of the subject of the information or as otherwise permitted by law or regulation.

The State may provide or distribute certain lists and statistical reports of regulatory information as provided by law, but no personal information is distributed, and all relevant legal protections still apply to the State's websites.

PROTECTION OF PERSONAL INFORMATION

We strive to protect personal information against loss, unauthorized access, use, disclosure, modification or transfer. The Department of Parks and Recreation employees responsible for the collection, use, maintenance, and/or dissemination of records containing personal information are trained to take appropriate precautions, including but not limited to authentication, monitoring, auditing, and encryption to ensure proper administrative, technical, and physical safeguards are established and followed in order to protect the confidentiality of such information. Employees are trained to remove or redact personal information when data disclosures are necessary.

Individuals have a right to access information about themselves and may request a correction of any inaccuracies. In order to request access or correction of your information, see the contact information below.

WEBSITE INFORMATION

When you visit our website, you should be aware that during the data linking of your computer to our website, a "cookie" may be created. Temporary cookies may be used when necessary to complete a transaction, to process data submitted to us online, to facilitate an ongoing Internet interaction, or to understand trends in the use of our website. Cookies do not compromise your privacy or security and only last until the user closes their browser. Using web browser settings, you can refuse the cookies or delete the cookie file from your computer by using any of the widely available methods. Keep in mind that each browser has its own method for removing cookies. Information on how to delete cookies from your computer can be found at the following website: <http://www.aboutcookies.org>

Certain sections of our website and our emails may contain small electronic files known as web beacons (also referred to as clear gifs, pixel tags, and single-pixel gifs) that permit the Department, for example, to count users who have visited those pages or opened an email and for other related website statistics (for example, recording the popularity of a certain section and verifying system and server integrity).

When you visit our website, transaction log information is collected, which includes: your domain name or Internet Protocol address, browser software used, requests submitted to our web-servers, date and time the website was accessed, and statistical information about which web pages you visited. This information is defined as electronically collected information, under Government Code 11015.5. Under Government Code § 11015.5, if you choose, you may have any personal information collected about you discarded without reuse or distribution, provided we are contacted in a timely fashion. In order to request that we discard your transaction log information, see the contact information below.

If you voluntarily participate in an activity that asks for specific information (i.e., completing a request for assistance, personalizing the content of the website, sending an email, or participating in a survey), more d

etailed data will be collected. If you choose not to participate in these activities, your choice will in no way affect your ability to use any other feature of the website.

Transaction log information will be disclosed to the Department of Parks and Recreation staff in order to help us manage and improve our website. This information is used only for internal purposes, allowing our staff to measure the number of visitors to the different sections of our website and to help improve our website for future visitors.

If any type of personal information is collected on our website or volunteered by the user, State law, including the Information Practices Act of 1977, Government Code section 11015.5, and the Privacy Act of 1974 require that it must be protected.

The Department of Parks and Recreation will not distribute or sell any electronically collected personal information about users to any third party. It should be noted that electronically collected personal information is exempt from requests made under the California Public Records Act.

RESPONSIBLE OFFICIAL AND CONTACT INFORMATION

The Department of Parks and Recreation Privacy Officer is responsible for the overall implementation and enforcement of this privacy policy.

Questions, comments or complaints regarding this privacy policy or requests for personal information access, correction, or deletion should be addressed to: privacy@parks.ca.gov

Privacy Policy effective date: 11/07/2022

Privacy Policy last reviewed: 11/07/2022

DEPARTMENT OF PARKS AND RECREATION'S PRIVACY POLICY STATEMENT PDF

=====FAQ's=====

ReserveCalifornia™ FAQ's
ReserveCalifornia™
May 8, 2018

Q1: When did California State Parks change to ReserveCalifornia™?

A: California State Parks switched from ReserveAmerica to ReserveCalifornia™ on August 1, 2017. You can book your reservation at www.ReserveCalifornia.com.

Q2: Why did California State Parks change to ReserveCalifornia™?

A: Over the last two years, the California Department of Parks and Recreation has strengthened policies, procedures, guidelines, and organizational structures to support a sustainable entrepreneurial, service-oriented, creative and collaborative culture. Part of this effort included a new comprehensive reservation system to support field operations and enhance the experience of the visitors with a modern platform.

California has the largest state park system in the nation with 280 park units. Transitioning to a new reservation system allows us to provide more user-friendly web services and greater accessibility to more visitors for the highly sought-after camping and lodging locations. Interactive maps with more detailed views of campsites and self-service online options represent some of the additional features of the new system, which allow for better trip planning and access to outdoor public spaces.

Q3: How does the rolling window reservation system work?

A: California State Parks moved from a block or on-sale day reservation period to a rolling window. The public can reserve the highly sought-after campsites and lodging six months in advance from the current date. Camping and lodging inventory will become available each day for a period of six months in advance. Bookings may extend from the arrival date to the desired departure date – based on availability and the park's maximum stay rules.

Q4: Why do certain parks sell out faster than others?

A: California's state park system is loved by many within and outside the state of California. At times, the public demand exceeds the inventory of available campsites. We have approximately 13,000 campsites available on ReserveCalifornia and each year, on average, more than 6.5 million visitors camp in our popular state parks.

This is especially true with popular parks such as the cottages at Crystal Cove State Beach where there are only 24 spaces available to book and are booked all year round, and others like Steep Ravine cabins at Mount Tamalpais State Park, RV campground at Seacliff State Beach and all of our southern coastal campgrounds.

Q5: Why does ReserveCalifornia show available reservations one day and then booked before the 8 a.m. PST when the rolling window opens?

A: One factor that may explain the availability issue is that the new reservation system allows visitors who have an existing reservation to modify their reservation. For example, a visitor who already has a reservation from September 1-7, can modify their reservation from their original reservation to September 2-8 before the 8 a.m. PST reservation window as long as it is within the maximum stay limit of that particular park.

Q6: What should people do if they are having issues booking a campsite?

A: Feedback from the public helps us as we continue to develop and improve the system. Visitors encountering technical issues or who are unable to make a reservation on ReserveCalifornia.com are encouraged to call our Customer Call Center via phone at (800) 444-7275 or submit their feedback online under the "Contact Us" link located at the bottom of the ReserveCalifornia.com website. Individual parks do not take reservations. Please contact the Customer Call Center.

As nature lovers ourselves, we sympathize with our fellow outdoor enthusiasts and want to assure them that we continue to review the reservation system for process improvement and will continue to implement improvements as they are identified.

California State Parks apologizes for the frustrations some of our visitors are encountering using ReserveCalifornia. Providing a user-friendly reservation system and equal access to all of our visitors is one of our top priorities. As with any new large system, course corrections must be made.

Q7: Is California State Parks making any improvements to the new reservation system?

A: We are always looking ways to make the visitor experience, both online and by phone, accessible and positive. For example, California State Parks is looking into limiting the number of modifications an individual can make and updating terms and conditions that define acceptable and unacceptable uses of the reservation system.

Q8: I do not understand how the rolling window reservation works. Can you please provide an example?

A: Booking a reservation on the new system is easy and similar to booking hotel rooms, airline tickets and other similar services. It is also similar to the booking window for facilities in the National Park Service.

With ReserveCalifornia™ you can make reservations six months to the day in advance of the arrival date. Each new date opens at 8 a.m. PST. The rolling window also adjusts for months longer or shorter than 30 days. For example:

If you make a reservation on:

You can make reservations with an arrival date of:

May 1, 2018 (open at 8 a.m. PST)

November 1, 2018

May 2, 2018 (open at 8 a.m. PST)

November 2, 2018

May 3, 2018 (open at 8 a.m. PST)

November 3, 2018

Months with longer or shorter than 30 days

February 28, 2018 (open at 8 a.m. PST)

August 28, 2018

March 1, 2018 (open at 8 a.m. PST)

August 29-31

Q9: What are the new features with ReserveCalifornia™?

A: A variety of features will be phased in through the Fall 2018, allowing for better trip planning and access to outdoor public spaces. Below is a breakdown of the features:

The new reservation system provides more user-friendly and intuitive web services, including:

Additional self-service options, such as online profiles.

Interactive maps with more detailed views of campsites.

Easier to reserve camping and lodging sites (rolling window).

Customer contact center.

As additional features of the new service are phased-in through the Fall 2018, visitors and staff will enjoy:

Ability to view real-time reservation inventory.

More payment options at locations currently accepting only cash and checks.

Additional trip information to make it easier for you to plan your visits.

The new reservation system includes state-of-the-art, computerized point-of-sale and fee collection equipment that will allow debit and credit card payments at more locations. This equipment will be installed in phases across the state, beginning with Hearst San Simeon State Historical Monument (Hearst Castle) and continuing at other state parks through March 2018.

Q10: How do I make a reservation on ReserveCalifornia™?

A: You can make reservations online or by calling our Customer Contact Center. Below are the details:

Online: www.ReserveCalifornia.com

Phone: (800) 444-PARK (7275). The customer contact center will be available seven days a week from 8 a.m. until 6 p.m. (except New Year's Day, Thanksgiving Day and Christmas Day). For international callers , please dial 833-448-7278.

Q11: Will the processing fees be changing with the new system?

A: Yes, processing fees changed. See below.

Reservation Fees

Type of Reservation

ReserveAmerica Fee

ReserveCalifornia™ Fee

Camping

\$8

\$7.99

Tours (Hearst Castle™)

\$3.48 per ticket \$8 per ticket

Q12: Will California State Parks still use ReserveAmerica at any of the state park units?

A: No. As of July 26, 2017, California State Parks will no longer use ReserveAmerica. The department is grateful for the service of this vendor and appreciates their continued support.

Q13: Will the new service have my reservation that I made a few months ago?

A: Yes. All existing reservations made through ReserveAmerica for stay-dates through February 2018 will be transferred to the new system and are accessible to visitors.

Q14: Will I still be able to walk up and camp or will I always need a reservation?

A: Yes, you may still enjoy walk-up camping. Some sites will remain first-come, first-served. [View Details](#)

Q15: I already have an account with ReserveAmerica. Will I need to create a new account?

A: Yes, you will need to create a new account/customer profile on the new system. Customer accounts from ReserveAmerica will not transfer to the new system. To create a new account, visit www.ReserveCalifornia.com.

Q16: Will more state parks have reservations available online on ReserveCalifornia™?

A: Yes, an additional 41 state parks will be added to the new service. The parks will be added incrementally through 2018. Currently visitors are able to book at 110 parks. Information on the new parks will be provided as they are added to the system.

Q17: Will ReserveCalifornia™ impact any of California State Park's annual, seasonal or discount passes?

A: Yes, but only for current Distinguished Veteran (DVP) and Disabled Discount (DDP) pass holders. We are modernizing the way we manage these programs. If you have one of these passes, please visit us online at www.parks.ca.gov/passexchange to view information on how to exchange your current pass for a new credit card design pass.

We are asking current pass holders to visit one of the 47 designated state park locations so they may continue to easily access state parks. It is important to note that current pass holders under the DVP and DDP programs may continue to use their current pass for walk up (first-come, first-serve) camping and day use through February 28, 2018. Old passes will not be valid after these dates.

Q18: What type of activities are available in California's state park system?

A: California State Parks protects and preserves the state's most significant natural and cultural resources while delivering public spaces to bring families and friends together and providing a wide array of recreational opportunities for the benefit and enjoyment of all people. Off-highway motor vehicle recreation, boating activities, horseback riding, on and off-road cycling, hiking, camping, and rock climbing are some of the recreational activities enjoyed in 280 state parks organized into 22 field districts throughout the state.

===== Reservation Drawing FAQs =====

Reservation Drawing FAQs

What is the Reservation Drawing?

Reservation Drawing is a new pilot program that uses a lottery-style system for the opportunity to make a reservation in high-demand campgrounds. This pilot program is currently underway ONLY to reserve the Steep Ravine Cabins in Mount Tamalpais State Park. Using the ReserveCalifornia reservation system, visitors can apply for free for the reservation drawing up to eight months in advance, with the drawings conducted seven months ahead of the reservation dates. If selected, winners have 30 days to claim and pay for their reservation. Any unclaimed inventory is released for reservation during the normal six-month rolling window. Unsuccessful applicants will receive one point to be used in future drawings, which increases their chances of winning until they are awarded a reservation. Once a visitor wins a reservation, their points are removed and their balance starts at zero.

How do I apply for a Reservation Drawing?

To apply for a Reservation Drawing, visitors must have a profile with ReserveCalifornia. The current Reservation Drawings can be found above the Steep Ravine Cabins campground map when viewing Mount Tamalpais State Park. Visitors can also apply by phone through the customer contact center at (800) 444-PARK (7275), or for international callers, (833) 448-7278.

Is it free to apply for a Reservation Drawing?

Yes. During the pilot phase, there is no fee to apply for a Reservation Drawing for the Steep Ravine Cabin at Mount Tamalpais State Park. However, future drawings may require a small fee to apply.

Does the Reservation Drawing award free reservations?

No. The Reservation Drawing does not award free reservations. The drawing is held to give all visitors an equal chance to compete for a reservation at the highly sought-after Steep Ravine Cabins at Mount Tamalpais State Park. If a visitor is awarded their reservation choice, they must claim and pay for the reservation within 30 days to keep it. Any unclaimed inventory will be released for reservation six months in advance.

Will I be notified of the Reservation Drawing results?

Yes. Visitors who apply for a Reservation Drawing will be sent an email with their application number. After the drawing, visitors will be notified via email whether they were awarded a reservation. Winners will have 30 days to claim and pay for their reservation. Any unclaimed inventory will be released for reservation six months in advance.

How long do I have to book my awarded reservation?

Visitors will have 30 days to claim and pay for their reservation.

What are points?

Points refer to a reward system for unsuccessful applicants in the program. Each unsuccessful applicant receives one point, and these points can be used as additional chances to win in future drawings. There is no limit to the number of points a visitor can accumulate, and each point represents one additional chance to be awarded their reservation choice if it is available in a future drawing. Points earned during the pilot will be carried over.

Will my points be used if I do not book my awarded reservation choice?

If a visitor is awarded one of their reservation choices, their points will be reset to zero. However, if they cancel their reservation, the points used for that reservation will still be marked as "used" and reset to zero. Any canceled inventory is released during the on-sale six months in advance or the following day at 8 a.m. if it is within the six-month reservation window.

How many times can I sign up for the drawing to receive a point?

Each visitor is limited to one entry per drawing.

What are reservation choices?

Reservation choices refer to the visitor's preferred details for their stay at the park, including the unit type, arrival date, nights, trailer lengths and the Americans with Disabilities Act (ADA)-only option. Visitors can create up to three reservation choices, and if the winning visitor's first choice is available, they will be awarded that reservation choice. If their first choice is not available, the system will award their second choice. Visitors are encouraged to create multiple reservation choices with different variations to increase their chances of winning the drawing.

Are ADA sites included in Reservation Drawings?

Yes. ADA sites are included in the Reservation Drawings, and visitors can select an ADA site as their preferred choice. However, it is important to note that if a visitor does not qualify for an ADA site, their reservation will be canceled at the park during check-in. In this case, the reservation fee, cancellation fee and one night's camping fee will be charged, and the reservation will be canceled.

Will an awarded reservation count toward the 30-night calendar limit?

Yes, an awarded reservation will count toward the 30-night calendar limit at most California state parks. Visitors will not be able to claim or pay for a reservation if it exceeds the 30-night stay limit.

===== PARK DETAILS =====

ParkName : Anza-Borrego Desert SP

Description : With over 600,000 acres, Anza-Borrego Desert State Park is the largest state park in the contiguous United States. 500 miles of dirt roads, 12 wilderness areas and miles of hiking trails provide visitors with an unparalleled opportunity to experience the wonders of the Colorado Desert. The park is named after Spanish explorer Juan Bautista de Anza and the Spanish name borrego, or bighorn sheep. The park features washes, wildflowers, palm groves, cacti and sweeping vistas. Visitors may also have the chance to see roadrunner, golden eagles, kit foxes, mule deer and bighorn sheep as well as iguanas, chuckwallas and the red diamond rattlesnake. Numerous roads will take you into this vast park. Consult a map before making travel plans to be sure you enter the desired part of the park. Most visitors approach from the east via Highways S22, S2, or 78. Visitors from San Diego via Highways 79 and 78 have the added pleasure of driving through the mountainous Cuyamaca Rancho State Park--quite a different experience from Anza-Borrego. The highways from the east climb 2,400 feet or so and then descend about 2,000 feet to the valley. Where the highway breaks out of the high-country vegetation, it reveals the great bowl of the Anza-Borrego desert. The valley spreads below, and there are mountains all around. The highest are to the north--the Santa Rosa Mountains. The mountains are a wilderness, with no paved roads in or out or through. They have the only all-year-flowing watercourse in the park. They are the home of the peninsular bighorn sheep, often called desert bighorn. Few park visitors ever see them; the sheep are justly wary. A patient few observers each year see and count them, to learn how this endangered species coping with human encroachment.

Borrego Palm Canyon (sites 53-89), Tamarisk Grove Campground, Vern Whitaker Horse Camp, Borrego Palm Canyon (sites 1-52), Borrego Palm Canyon (sites 90-120), Borrego Palm Canyon Group (G1-G5) are facilities in Anza-Borrego Desert SP

=====

ParkName : Big Basin Redwoods SP

Description : Big Basin Redwoods State Park is the oldest State Park in California. It was acquired in 1902. The park has miles of trails, which serves hikers and equestrians, links Big Basin to Castle Rock State Park and the eastern reach of the Santa Cruz range. The Skyline to the Sea Trail threads its way through the park along Waddell Creek to the ocean. The park has a surprising number of waterfalls, a wide variety of environments (from lush canyon bottoms to sparse chaparral-covered slopes, many animals (deer, raccoons, an occasional bobcat) and lots of bird life (including Steller's jays, egrets, herons and California woodpeckers). The park is also the home to stately redwood groves.

ParkName : Carpinteria SB

Description : If you are interested in having a RV delivered and set up on your campsite at Carpinteria SB, El Capitan SB, Gaviota SP, or Refugio SB Campgrounds, the following Concessionaire is the approved contract provider: 101 RV Rentals (805) 210-7391. No business or private party may conduct business on State Park property without an approved contract. Twelve miles south of Santa Barbara, Carpinteria State Beach offers a mile of beach for swimming, surf fishing, tidepool exploring and camping. The Spanish named the area Carpinteria because the Chumash tribe, which lived in the area, had a large seagoing canoe-building enterprise, or "carpentry shop" there. The tribe had chosen the location because of naturally-occurring surface tar which was used to seal the boats. Seals and sea lions can be seen in the area December through May, as well as an occasional gray whale. Tidepools contain starfish, sea anemones, crabs, snails, octopi and sea urchin.

Anacapa (sites 101-127 & group sites),Santa Cruz (sites 201-244 & group sites),San Miguel (sites 401-460),Santa Rosa (sites 301-380) are facilities in Carpinteria SB

ParkName : Angel Island SP

Description : In the middle of San Francisco Bay sits Angel Island State Park, offering spectacular views of the San Francisco skyline, the Marin Headlands and Mount Tamalpais. The island is also alive with history. Three thousand years ago the island was a fishing and hunting site for Coastal Miwok Indians. It was I

ater a haven for Spanish explorer Juan de Ayala, a cattle ranch, and a U.S. Army post. From 1910 to 1940, the island processed thousands of immigrants. During World War II, Japanese and German POWs were held on the island, which was also used as a jumping-off point for American soldiers returning from the Pacific. In the '50s and '60s, the island was home to a Nike missile base. Today, there are two active Coast Guard stations - at Point Blunt and Point Stuart - on the island. Angel Island became a State Park in 1958.

ParkName : Auburn SRA

Description : Lake Clementine is a small recreational reservoir located on the North Fork of the American River within Auburn SRA, a California State Park. Auburn State Recreation Area contains almost 42,000 acres, including 50 miles of river (much of it is whitewater) on the North and Middle forks of the American River, in the rugged American River Canyon. Lake Clementine features great opportunities for boating, fishing and boat-in camping. The lake has less than 3 miles of navigable waters, through a narrow winding canyon. Less than 2 miles is free of 5 MPH no wake zones. The lake has a small marina where annual and daily boat slip rentals are available, and fuel and ice are sold: call (530) 885-5097. There is a single boat launch, and parking is limited to 25 trailers, 15 of which reserved for campsites.

Boat-In Sites 1-16,Mineral Bar,Ruck-a-chucky are facility in Auburn SRA

ParkName : Benbow SRA

Description : Benbow State Recreation Area is popular for camping, hiking, swimming, and picnicking in the summer, as well as salmon and steelhead fishing in the winter. The Campground and Day Use areas are separated by the South Fork of the Eel River, which was formerly dammed every summer to create Benbow Lake. In order to restore vital habitat for Chinook, Coho salmon, and summer-run steelhead, the dam was completely removed in 2017. Benbow Day Use Area is a popular summer gathering place that also hosts the annual Summer Arts and Music Festival. The Day Use Area is open year-round, while the Campground is open Memorial Day - Labor Day on a first-come, first-served basis.

ParkName : Brannan Island SRA

Description : Brannan Island State Recreation Area is located in the Sacramento-San Joaquin Delta. This area northeast of San Francisco Bay has countless islands and marshes with many wildlife habitats and many opportunities for recreation-including boating, windsurfing, and swimming. One of the outstanding water-oriented recreation areas in the world, the area offers great fishing, which includes striped bass, sturgeon, catfish, bluegill, perch, and bullhead. Little Frank's Tract, a protected wetland marsh, is home to beaver, muskrat, river otter, mink, and 76 species of birds.

ParkName : China Camp SP

Description : Once the site of a thriving fishing village on San Pablo Bay, China Camp State Park is not only the historic remains of the village, but also 1,640 acres of natural watershed along the shores of San Francisco Bay. The park features extensive inter-tidal, salt marsh, meadow and oak habitats that are home to a variety of wildlife, including deer, squirrels and numerous birds. Visitors not only enjoy wildlife-watching, but also hiking, swimming, boating and windsurfing. The park has some of the best weather in the San Francisco Bay Area, with an average of more than 200 fog-free days per year.

=====
ParkName : Chino Hills SP

Description : Chino Hills State Park is a premier open-space area in the hills around the Santa Ana Canyon and is a critical link in the Puente-Chino Hills biological corridor. The park's 14,100 acres of rolling, grassy hills and valleys are dotted with stands of oaks and sycamores and a place where people can find peace and solitude in a natural setting. Recreational opportunities include hiking, mountain biking, or horseback riding on over 90 miles of trails, or a visit to the historic Rolling M Ranch barn. Visitors can also enjoy a trip to the Discovery Center, featuring exhibits on wildlife and biological diversity and an accessible nature trail.

Park Closure - The park will close for at least 48 hours following rain of more than one quarter inch. High clay content in the soil causes greased trails and roads. Use during this time makes hiking, bicycling and equestrian activities hazardous and causes severe rutting of trail and road surfaces. The park is also closed during times of extreme fire danger, when the National Weather Service announces a Red Flag Warning.

ParkName : Clear Lake SP Cabins

Description : Do not own an RV? We've got you covered! You do not need a tent or an RV to enjoy

one of the most beautiful mountain settings in California. Clear Lake State Park offers you access to the new-get-away-from-it-all

rental cabins. Eight cabins, of which two are ADA accessible, are located within feet from beautiful Clear Lake. Each of these

new cabins has platform bunk beds, wood floors, and covered porches. Cabins are 14ft by 16ft with one set of full-size bunk beds.

The bunk beds are 72 inches long by 64 inches wide. Cabins have mattress pads; guests need to bring their own bedding. There is a

fixed table with two benches and a counter space inside. Cabin capacity is four persons. Cabins come with a fire ring for campfires,

barbeque, and outdoor table. All rental cabins are a short walk (approximately 500 feet) from a restroom with flush toilets and

showers. Drive to nearby parking spot and walk to cabin area. Tents are not allowed; campsites are nearby. One vehicle per cabin;

extra vehicle fees apply. Cabins can be locked. There are no toilet/shower facilities in the cabin; they are located nearby

within walking distance. Trails, bird watching, fishing, swimming, and watersports are the main attraction of the park.

The park has many miles of hiking trails through oak woodlands. Clear Lake offers water sport activities. Clear Lake State

Park is on the shores of California's second largest freshwater lake. The area is popular for all kinds of water

er recreation,

including swimming, fishing, boating and water-skiing. Anglers can catch large-mouth bass, crappie, blue gill and channel catfish.

The park is the nesting place for waterfowl. Hikers enjoy the Indian Nature Trail, a self-guided trail that shows how the Pomo

people lived in the area for centuries, utilized the area's resources. The trail passes through the site of what was once a

Pomo village. The park visitor center features displays about the area's natural and cultural history.

ParkName : Colusa-Sacramento River SRA

Description : The Colusa-Sacramento River State Recreation Area has 67 acres, with 14 campsites, picnic sites, and a launch ramp for small boats. The River Patwin Indian tribe once lived nearby the area and in 1872 John Muir camped near what is now the park. River-bank cottonwoods and willows shelter one of the finest fishing stretches in California, with king salmon, steelhead, rainbow trout and striped bass some of the catches. The river is also on a major migratory route for birds of the Pacific flyway and provides home to an amazing number of species. The park is within walking distance of downtown Colusa.

ParkName : Del Norte Coast Redwood SP Mill Creek Campground

Description : The park, established in 1929, is 6400 acres with approximately 50% old growth coast redwood and 8 miles of wild coastline. The park is a World Heritage Site Biosphere Preserve. The mixed understory includes tanoak, madrone, red alder, big leaf maple, and California bay. Ground cover is dense with a wide range of species. The campground development is located in an area that was logged in the 1920's. Vegetation is predominately red alder which will eventually give way to fir and second growth redwood. Wildlife is present in all areas. Salmon and steelhead spawn in Mill Creek. Bobcat, coyote, bear, deer, squirrels and chipmunks are most frequently seen. Varied thrush, Stellers jays, hawks, great blue heron and dippers are common birds. The topography is fairly steep with elevations from sea level to 1277'. The predominant mountain range is oriented in a north-south direction with steep cliffs adjacent to the Pacific Ocean, making the bulk of the rocky sea coast generally inaccessible except by Damnation Trail and Footsteps Rock trail. Approximately 1/2 mile of sandy beach is known as Wilson Beach or False Klamath Cove. This beach is unsafe for swimming due to steep beach slope, rocky conditions and frequent rough seas and cold water. Wilson Beach provides excellent tidepool opportunities at low tide.

=====
ParkName : Emma Wood SB

Description : Moderate ocean temperature at Emma Wood State Beach makes the area a great place for swimming, surfing and fishing. Catches include perch, bass, cabezon and corbina. A freshwater marsh at the southwest end of the beach attract raccoons, songbirds and red-tailed hawks. The beach also features the crumbling ruins of a World War II coastal artillery site. There is a grassy area for groups and a campground for hikers and bikers. The beach offers a view of Anacapa Island - and occasional dolphins.

ParkName : Hendy Woods SP

Description : Hendy Woods State Park features two virgin redwood groves- Big Hendy (80 acres, with a self-guided discovery trail) and Little Hendy (20 acres). The Navarro River runs the length of the park. Located in the middle of the Anderson Valley wine district, the 850-acre park is warmer and less foggy than redwood parks along the coast. The park is well known for a fallen redwood stump that was home for a man known locally as the Hendy Woods Hermit. In the summer, swimming is popular, as is kayaking and canoeing in late winter and early spring. A wheelchair accessible nature trail leads into the heart of Big Hendy Grove. The park also features interpretive exhibits, Junior Ranger nature walks, and campfire programs. Azalea Campground,Wildcat Campground,Cabin Colony are facility in Hendy Woods SP

=====
ParkName : Humboldt Redwoods SP

Description : In the early 1900s, loggers came to what is now Humboldt Redwoods State Park to cut down lofty ancient redwoods for grape stakes and shingles. The founders of Save the Redwoods League thought that was akin to chopping up a grandfather clock for kindling. From the acquisition of a single grove in 1921, the League has raised millions of dollars to build and expand this park. Today Humboldt Redwoods spans 53,000 acres, an area almost twice the size of San Francisco. About one third, or 17,000 acres, of the park is old-growth redwood forest the largest expanse of ancient redwoods left on the planet.

This park offers one of the best places to see redwoods by car in the entire North Coast region: the 32-mile-long Avenue of the Giants. Good stops along the way include Founder's Grove, with its fallen 362-foot Dyerville Giant, and the California Federation of Women's Clubs Hearthstone, designed by famed architect Julia Morgan.

ParkName : Jedediah Smith Redwoods SP

Description : Established in 1929, this 10,000 acre predominately old growth coast redwoods park is bisected by the last major free flowing river in California Smith River. This is a World Heritage Site and Biosphere Reserve. Almost all of the park land is water shed for the Smith River and Mill Creek, a major tributary. Conifers other than redwoods include western hemlock, Sitka spruce, grand and Douglas fir, as well as the less common Port Orford cedar. Primary examples of the understory include tanoak, madrone, red alder, big l and vine maple, and California bay. Ground cover is dense with a wide range of species and varieties of shrubs, bushes, flowers, ferns, mosses and lichens common to the coast redwood environment. Wildlife of the park is both abundant and varied including such animals

ParkName : Little Basin State Park

Description : The Little Basin Campground is for group camping for four (4) or more people only. LITTLE BASIN, once a retreat and campground for Hewlett Packard employees, is a 534-acre California State Park campground that was recently added to Big Basin Redwoods State Park through a collaborative endeavor with Peninsula Open Space Trust (POST) and the Sempervirens Fund. Through an innovative approach to park operations and a public/private partnership, Little Basin is managed by Basecamp Hospitality, a recreation and hospitality company that works with California State Parks.

Creekside Area,Derksen Grove,Huckleberry Area,Stargazers Area,Woodfern Area are facility in Little Basin State Park

ParkName : Mackerricher SP

Description : MacKerricher State Park offers a variety of habitats; beach, bluff, headland, dune, forest and wetland. Tidepools are along the shore. Seals live the rocks off the park's Mendocino coast. More than 90 species of birds visit or live near Cleone Lake, a formal tidal lagoon. During winter and spring the nearby headland provides a good lookout for whale watching. The park is popular with hikers, joggers, equestrians and bicyclists. Fishing is also popular, with trout in two fresh-water lakes. The park has a wheelchair accessible nature trail.

ParkName : Malakoff Diggins SHP

Description : Malakoff Diggins State Historic Park, a forested 3,000-acre park, is the site of California's largest hydraulic gold mine. Visitors can see huge cliffs carved by mighty streams of water, results of the gold-mining technique of washing away entire mountains to find the precious metal. Legal battles between mine owners and downstream farmers ended this method. The park also contains a 7,847-foot bedrock tunnel that serves as a drain. The visitor center has exhibits on life in the old mining town of North Bloomfield

ParkName : McArthur-Burney Falls Memorial SP

Description : The 129-foot waterfall is the main attraction of the park. Each day 100 million gallons of water flow over the falls. Additional water comes from springs, joining to create a mist-filled basin. Black swifts nest in the cliff behind the falls, and rare nests of bald eagles can be seen along the shore line of Lake Britton. The park has six miles of hiking trails through evergreen forest. Lake Britton offers water sport activities.

=====
ParkName : Mount Tamalpais SP

Description : Just north of San Francisco's Golden Gate is Mount Tamalpais, 6,300 acres of redwood groves and oak woodlands with a spectacular view from the 2,571-foot peak. On a clear day, visitors can see the Farallon Islands 25 miles out to sea, the Marin County Hills, San Francisco and the Bay, hills and cities of the East Bay, and Mount Diablo. On rare occasions, the Sierra Nevada's snow-covered mountains can be seen 150 miles away. Coastal Miwok Indians lived in the area for thousands of years before Europeans arrived. In 1770, two explorers named the mountain La Sierra de Nuestro Padre de San Francisco, which was later changed to the Miwok word Tamalpais. With the Gold Rush of 1849, San Francisco grew; and more people began to use Mount Tamalpais for recreation. Trails were developed, and a wagon road was built. Later, a railway was completed and became known as the Crookedest Railroad in the World It was abandoned in 1930 after a wildfire damaged the line.

ParkName : Mount Diablo SP

Description : On a clear day, from the summit of Mount Diablo State Park visitors can see 35 of California's 58 counties. It is said that the view is surpassed only by that of 19,000-foot Mount Kilimanjaro in Africa. With binoculars, Yosemite's Half Dome is even visible from Mt. Diablo. The park features exce hiking and rock climbing opportunities. The mountain was formed when a mass of underlying rock was gradually forced up through the earth's surface so, unlike other mountains, older and older rocks are encountered as you climb the mountain. The mountain was regarded as sacred to Native Americans.

ParkName : Plumas-Eureka SP

Description : Sierra Plumas Eureka State Park is located high on the east slopes of the Sierra Nevada. The 7,400-foot Eureka Peak in the park sits on top of what was once a large body of precious metal. Hardrock gold mining was once the primary activity in the region from the 1850s until the Second World War. The park contains the Mining History Museum that features displays on mining and pioneer life in the area. The 6,700 acre park protects the remains of the Mohawk Stamp Mill and several other buildings. The park features hiking and fishing and, in winter, cross-country and downhill skiing. Hikers can enjoy more than ten miles of trails. No laundry facilities at the park.

ParkName : Portola Redwoods SP

Description : Portola Redwoods State Park has a rugged, natural basin forested with coast redwoods, Douglas fir and live oak. Eighteen miles of trails crisscross the canyon and its two streams, Peters Creek and Pescadero Creek. A short nature trail along Pescadero Creek introduces visitors to the natural history of the area. Visitors can see clam shells and other marine deposits from the time when the area was once covered by the ocean. The park has one of the tallest redwoods (300 feet high) in the Santa Cruz Mountains.

ParkName : Prairie Creek Redwoods SP Elk Prairie Campground

Description : Set aside in the early 1920's by the forethought of the people of California and the generosity of the Save-the-Redwoods League, Prairie Creek is a 14,000 acre sanctuary of old growth coast redwood. Designated as a World Heritage Site & International Biosphere Preserve, The park has over 280 Save-the-Redwoods League memorial groves. Prairie Creek offers hiking, nature study, wildlife viewing, beach combing, fishing, picnicking, a visitor center with exhibits and a nature store. There are over 75 miles of hiking trails through verdant forests and along wild and scenic beaches. As the park is a preserve of uncut forest,

ParkName : Saddleback Butte SP

Description : Saddleback Butte State Park was established in 1960 to preserve its high-desert Joshua tree woodland. To the east of the campground and picnic area rises 3,651-foot Saddleback Butte. Key park attractions are the short self-guided Dic Downen Nature Trail, the Peak Trail climbing 1,000 feet to a dramatic view across the Western Mojave Desert, a Visitor Center featuring natural and cultural history displays, and the unique Joshua Tree/Creosote habitat found only in the Mojave Desert. Springtime brings a show of wildflowers that varies yearly, and fall has clear skies and pleasant temperatures. Summer days are hot but nights are warm with excellent stargazing. Wildlife includes Mountain Bluebirds, Kit Foxes, and the federally-threatened Desert Tortoise.

=====
ParkName : Salton Sea SRA

Description : The Salton Sea is 238 feet below sea level. It was the northern end of the Gulf of California.

Sediment from the Colorado River formed a land bridge that made it an inland sea. It has come and gone many times depending on the course of the Colorado River. With the controlling of the river the sea is now dependent on man for its water supply. With a length of 35 miles and 15 mile width the sea has 110 miles of shoreline. This massive body of water in the desert loses about 6 feet of water to evaporation. The salt is left behind and the Salton Sea is now 25% percent saltier than the ocean. Once a very popular fishing area it now only supports Tilapia; other fish have disappeared due to the high salt content. The Sea is still used for testing high performance water craft. In 2007 there will be an attempt to set a new world water speed record. Kayaking and bird watching are outstanding. Mid summer temperatures reach into the 120s.

ParkName : Samuel P. Taylor SP

Description : Samuel P. Taylor State Park offers campgrounds and picnic areas for small or larger groups.

Hiking trails take visitors through the shady woods or the sunny slopes of Mount Barnabe. The partially paved Cross Marin Trail is a favorite among bicyclists and families out for a stroll along Lagunitas Creek.

Dating back to the 1800's, historic Camp Taylor is comprised of the Azalea and Redwood Grove picnic areas as well as the Creekside and Orchard Hill loops of campsites; Irving picnic area is also nearby. The Madrone Group Camp hosts a large group campsite as well as newly installed cabins which can be reserved. The primitive Devil's Gulch area is comprised of a group horse camp and two small group sites just above Devil's Gulch Creek.

ParkName : Sonoma Coast State Park

Description : Sonoma State Beach features coastland with beaches, reefs, coves, tidepools, headlands, and natural arches. With more than ten miles of shore, 5,000 acres, this state beach is one of the largest in the state. The park stretches from Bodega Head to the Russian River. There is a five-mile trail system in the dunes. The beach is home to one of California's largest seal rookeries. In the winter, Bodega Head is one of the finest whale-watching sites on the North Coast. The park is also home to many kinds of seabirds. The ocean bay and river frontage offers perch, salmon, steelhead and smelt fishing.

=====
ParkName : Standish-Hickey SRA

Description : Standish-Hickey began as a 40-acre campground acquired by the Save-the-Redwoods League in 1922. It was named to honor Edward Ritter Hickey local lumberman who died of influenza while caring for the victims of the epidemic of 1918. In the late 1950's, the Standish family donated over five hundred acres, and additional acquisitions through the years have brought the park's total acreage to 1,012. Much of the land, clear-cut and then burned over in a disastrous fire in the mid-1940's is just now regaining its former beauty.

=====
ParkName : Sugar Pine Point SP

Description : Sugar Pine Point State Park contains one of the finest remaining natural areas on Lake Tahoe. With nearly two miles of lake frontage, the park has dense forests of pine, fir, aspen and cedar. Deep-line anglers fish the lake's 300-foot deep underwater ledges for trout and salmon. Another attraction is the museum in the Hellman-Ehrman Mansion (also known as Pine Lodge), a summer home built in 1903 in a grove of pine and cedar. During winter, the park features cross-country skiing areas.

=====
ParkName : Sugarloaf Ridge SP

Description : Sugarloaf Ridge State Park is where the headwaters of the Sonoma Creek run through gorge and canyon, across the meadow floor beneath scenic rock outcroppings.

With 2,700 acres, the park has 25 miles of trails for hiking, horseback riding and bicycle use.

There is also a self-guided nature trail along Sonoma Creek that starts near the campground.

Deer, bobcats and gray foxes can be seen in the park. From the 2,729-foot summit of Bald Mountain on a clear day visitors can see views of the Sierra Nevada and the golden gate bridge.

The park also houses the Robert Ferguson Observatory <http://rfo.org> that can be rented, along with the Group Campground, for private parties.

A Group Picnic area and an Amphitheater are available for private use with a reservation.

ParkName : Van Damme SP

Description : Van Damme State Park consists of 1,831 acres of beach and upland on the Mendocino Coast.

The park features the lush Fern Canyon scenic trail system; the Pygmy Forest where mature, cone-bearing cypress and pine trees

stand six inches to eight feet tall, and the bog, or Cabbage Patch, where skunk cabbage grows in abundance. The park's ten

miles of trail go along the fern-carpeted canyon of Little River. A paved road is used by joggers and bicyclists. The beach is

popular with abalone divers. Hike-in sites do not allow dogs.

ParkName : Big Basin Redwoods SP

Description : Big Basin Redwoods State Park is the oldest State Park in California. It was acquired in 1902. The park has miles of trails, which serves hikers and equestrians, links Big Basin to Castle Rock State Park and the eastern reach of the Santa Cruz range. The Skyline to the Sea Trail threads its way through the park along Waddell Creek to the ocean. The park has a surprising number of waterfalls, a wide variety of environments (from lush canyon bottoms to sparse chaparral-covered slopes, many animals (deer, raccoons, an occasional bobcat) and lots of bird life (including Steller's jays, egrets, herons and California woodpeckers). The park is also the home to stately redwood groves.

===== Tour Information =====
=====

TourName : Grand Rooms

Description : Experience the ground floor rooms of the majestic Casa Grande (Big House), where Mr. Hearst's guests were welcomed and entertained during their stay at Hearst Castle. This tour will travel through the Assembly Room, where guests would gather for cocktails, the Refectory, where meals were served, the Morning Room, Billiard Room and Theater. Your guide will bring this estate to life sharing stories about Mr. Hearst, his many guests, and the art collection it contains. Recommended for first time visitors.

Price : Price for Adult is 30\$* and price for Children is 15\$*

=====

TourName : Grand Rooms Accessible (ADA)

Description : This wheelchair accessible tour is also designed for visitors who have difficulty climbing up and down stairs, or who cannot stand or walk for lengths of time. The Grand Rooms (ADA) Accessible Tour visits the estate's most opulent social gathering rooms to reveal what it was like to be a guest at The Enchanted Hill—known today as Hearst Castle.

Price : Price for Adult is 35\$* and price for Children is 15\$*

=====

TourName : Upstairs Suites

Description : This tour highlights rooms on the upper floors of Casa Grande. Travel through guest suites on your way to the Library where Mr. Hearst housed a collection of 2000 year old Greek pots. Visit Mr. Hearst's private third floor suite including his bedroom and private study where he held business meetings and oversaw his media empire. Learn about the genius of architect Julia Morgan and the way she incorporated Mr. Hearst's art collection into the design.

Price : Price for Adult is 30\$* and price for Children is 15\$*

=====

TourName : Cottages & Kitchen

Description : This tour showcases Mr. Hearst's unique brand of hospitality. Explore two lavishly-appointed guest cottages, Casa del Monte (House of the Mountains) and Casa del Mar (House of the Sea). See how Mr. Hearst's art collection was interwoven with modern amenities to provide his guests with comfort and inspiration. Peruse nearly 3,000 bottles of wine still housed in the wine cellar and discover the 1930s-era kitchen that contained state of the art equipment used to prepare all meals for Mr. Hearst and his guests.

Price : Price for Adult is 30\$* and price for Children is 15\$*

=====

TourName : Designing the Dream

Description : The design and construction of La Cuesta Encantada (The Enchanted Hill) took over three decades to complete. The Designing the Dream tour explores the evolution of William Randolph Hearst's magnificent estate, from its earliest construction in the 1920s through the final touches of the mid-1940s. Your knowledgeable guide will take you to see the interior rooms of Casa del Sol, one of the three guest cottages, and then to explore the top three floors of Hearst Castle's North Wing.

Price : Price for Adult is 35\$* and price for Children is 20\$*

=====

TourName : Art of San Simeon

Description : In conceiving his San Simeon estate, William Randolph Hearst and architect Julia Morgan created a unique showplace where Mr. Hearst's spectacular collection of fine and applied art was displayed to amuse and educate his guests. Hearst Castle is world-renowned for the celebrities, world leaders, and politicians of the 1920s and '30s who enjoyed its magnificence. This is a semi-private, two-hour tour that will accommodate up to 8 people and is only offered on selected dates throughout the year.

Price : Price for Adult is 35\$* and price for Children is 15\$*

=====

TourName : Hearst and Hollywood

Description : See where the Hollywood stars of the 1920s and 30s gathered and played. Explore what it was like to be a guest of Mr. Hearst at this magnificent estate during its heyday. Enjoy a two hour tour with a maximum of eight people with your own private tour guide.

Price : Price for Adult is 35\$* and price for Children is 15\$*

=====

TourName : Evening Tour

Description : Offered only in spring and fall, this special tour enables you to experience the Castle illuminated at night. Longer than the daytime tours (100 minutes), docents in period dress bring the 1930s to life as they move through the extravagant rooms of Casa Grande. A vintage newsreel in Mr. Hearst's private theater rounds out the evening.

Price : Price for Adult is 35\$* and price for Children is 15\$*

=====

TourName : Evening Tour Accessible (ADA)

Description : This wheelchair accessible tour is also designed for visitors who have difficulty climbing up and down stairs, or who cannot stand or walk for lengths of time. The Evening (ADA) Accessible Tour takes guests back in time as Living History Docents in 1930s clothing appear along the tour route, adding life once again to the magnificent surroundings seen on tour. Only offered in spring and fall.

Price : Price for Adult is 35\$* and price for Children is 15\$*

=====

TourName : Holiday Twilight

Description : Experience the Castle as Mr. Hearst's guests enjoyed it during the holiday season. Hearst Castle staff proudly carries on the historic tradition of decorating the estate, adding beauty, and creating an exceptional occasion for visitors. Marvel at the beautifully decked halls and numerous Christmas trees draped with ornaments and twinkling lights. Offered on selected dates November–January.

Price : Price for Adult is 35\$* and price for Children is 15\$*

=====

TourName : Holiday Twilight Accessible (ADA)

Description : Holiday Twilight ADA Accessible tour is wheelchair accessible and also designed for visitors who have difficulty climbing up and down stairs, or who cannot stand or walk for lengths of time. Experience the Castle as Mr. Hearst's guests enjoyed it during the Holiday Season. Marvel at vintage decorations decking the halls and adorning numerous Christmas trees draped with ornaments and twinkling lights. Offered on selected dates November-January.

Price : Price for Adult is 35\$* and price for Children is 15\$*

=====

TourName : School Tour

Description : Hearst Castle School Tours are curriculum-based tours for California K-12 Schools. This tour has been developed primarily for Grade 6, focusing on the Greek, Roman and Egyptian artifacts at Hearst Castle. Tour content may be adjusted for other grade levels when possible.
